

*Amazing Archives*  
*The future of our past is ever present*

You probably remember the childhood song, 'Make new friends but keep the old. One is silver and the other gold'. That is what Roger and I are doing. We're not starting over in the archives but adding to what the prior History Keepers and Archive Workers have done. Their work was a labor of love. It is evident their work was time consuming and tedious.

We have been working with the Web Site committee to include a section on the [stpaulucc.org](http://stpaulucc.org) website about the Archives. It can be found on a tab at the top. Unlimited thanks to Bill Whicher and Neil Holliday for taking up my reigns and guiding me through the process. They are not only helpful but patient.

Included on the website as of this writing is an article describing who we are and what we do, some of the information available and a request form to use to obtain the information you want. There is also a link to previous *Amazing Archives* articles.

I am excited about continuing to uncover the many talented people and their contributions to this church and the people who help maintain and grow it. All of us are valuable to St. Paul and contribute in many ways.

In Service To God,  
Jo Ann Elmore, Archivist
